

Green Force HID 250 Light System

High Power 100 Watt Light System with Warm 3800K Color

Burning 100 impressive watts the Green Force HID 250 system is the most powerful battery driven video lighting system available anywhere. Suitable even for daytime fill the HID 250 casts a warm 3800°K color temperature, returning much of the reds and yellows otherwise lost to the water for richer, more colorful underwater images. The beam spread is a wide 110 degrees and evenly distributed by a glass diffuser. With robust, high impact bulbs and long burn times the HID 250 partnered with a Gates housing is an unequalled underwater video system.

Key Features

- Powerful 50W x 2 HID light heads.
- Wide and even 110° diffused beam angle.
- Warm 3800°K color for more reds and yellows than 5500°K daylight HID lights.
- 55 min FII battery or 100 min FIII.
- Fast 3 hr international smart charger.
- Reliable on/off power switching
- Integrated mounting to Gates housings.

Specifications

*** Light Heads (2)**

- * Dual beam head w/glass diffuser
- * 50w power consumption each bulb

*** Burn time**

- * 55 min w/FII battery
- * 100 min w/FIII battery

*** Beam Angle**

- * 110°

*** Color Temperature**

- * 3800°K

*** Weight (Complete System)**

- * Dry: 13.2 lbs / 6.0 kg
- * In Water: -4.6 lbs / -2.1 kg

*** Warranty**

- * 3 yrs (1 yr batteries)

*** Construction**

- * Aluminum shell light heads w/glass diffuser
- * Acetyl battery casing

*** Depth Rating**

- * 500 feet / 152 meters

*** Charger**

- * 3.5 hr international fast smart charger

*** Mounting**

- * Integrated and configurable to Gates housings
